7. **Your Rights - How to Access and Limit Our Use of Certain Personal Data**. Subject to applicable law and certain exemptions, and in some cases dependent upon the processing activity we are undertaking, you have certain rights in relation to the Personal Data that we hold about you, as detailed below. We will investigate and attempt to resolve complaints and disputes and make every reasonable effort to honor your wish to exercise your rights as quickly as possible and, in any event, within the timescales provided by applicable data protection laws. We reserve the right to ask for reasonable evidence to verify your identity before we provide you with any information and/or comply with any of your requests, as detailed below:

- 7.1. **Right of Access**. You have a right to know what Personal Data we collect about you and, in some cases, to have such Personal Data communicated to you. Subject to applicable law, we may charge a fee. Please note that we may not be able to provide you with all the information you request, and in such cases, we

will endeavor to explain why. See [Article 15](#) of the EU General Data Protection Regulation ("GDPR") for more details, if your Personal Data is subject to the GDPR.

- 7.2. Right to Data Portability. If the processing is based on your consent or the performance of a contract with you, and processing is being carried out by automated means, you may be entitled to request that we provide you or another party with a copy of the Personal Data you provided to us in a structured, commonly used, and machine-readable format. See [Article 20](#) of the GDPR for more details, if your Personal Data is subject to the GDPR.
- 7.3. Right to Correct Personal Data. Subject to the limitations in applicable law, you may request that we update, complete, correct, or delete inaccurate, incomplete, or outdated Personal Data. See [Article 16](#) of the GDPR for more details, if your Personal Data is subject to the GDPR.
- 7.4. Deletion of Personal Data ("Right to Be Forgotten"). If you are an EU Individual, you have a right to request that we delete your Personal Data. Please note that this right is not absolute and is subject to the terms of the Form and the License you granted. As the Visual Assets you provide are not considered Personal Data under the Terms and are subject to a perpetual and irrevocable License, this right does not apply to the Visual Assets themselves. However, upon a valid request, we will delete the Contributor Metadata associated with your account, subject to certain exceptions such as for audit and record-keeping purposes, or as otherwise permitted and/or required under applicable law. We cannot restore information once it has been deleted. See [Article 17](#) of the GDPR for more details, if your Personal Data is subject to the GDPR. This does not affect the perpetual, irrevocable License to the Visual Assets granted in the Form.

If you are an EU Individual, you can ask us to limit the processing of your Personal Data if either: (i) you have contested its accuracy and wish us to limit processing until this is verified; (ii) the processing is unlawful, but you do not wish us to erase the Personal Data; (iii) it is no longer needed for the purposes for which it was collected, but we still need it to establish, exercise, or defend a legal claim; or (iv) you have exercised your Right to Object (below) and we are in the process of verifying our legitimate grounds for processing. We may continue to use your Personal Data after a restriction request under certain circumstances. See [Article 18](#) of the GDPR for more details, if your Personal Data is subject to the GDPR.
- 7.6. Direct Marketing Opt-Out. You may change your mind at any time regarding your election to receive marketing communications from us and/or having your Personal Data processed for direct marketing purposes. To do so, please notify us by contacting us at [support@dataplus.ai](mailto:support@dataplus.ai), and we will process your request as soon as reasonably possible. However, it may take a few days for us to update our records before any opt-out becomes effective.
- 7.7. Right to Object. If you are an EU Individual, you may object to any processing of your Personal Data that has our legitimate interests as its legal basis, if you believe your fundamental rights and freedoms outweigh our legitimate interests. Should you raise an objection, we will have an opportunity to demonstrate that we have compelling legitimate interests that override your rights and freedoms. See [Article 21](#) of the GDPR for more details, if your Personal Data is subject to

GDPR.

- 7.8. Withdrawal of Consent. You may withdraw your consent in connection with any processing of your Personal Data based on a previously granted consent. This will not affect the lawfulness of any processing prior to such withdrawal. However, withdrawal of your consent will not affect the lawfulness of processing based on consent before its withdrawal. To the extent Visual Assets contain Personal Data, your data protection rights under applicable law continue to apply notwithstanding any license granted. For Visual Assets that do not contain Personal Data, the perpetual and irrevocable License granted in the Form remains in effect.
- 7.9. Right to Lodge a Complaint with Your Local Supervisory Authority. If you are an EU Individual, you may have the right to submit a complaint to the relevant supervisory data protection authority if you have any concerns about how we are processing your Personal Data, though we respectfully request that you first attempt to resolve any issues with us.

We may also retain such information as required to comply with applicable laws, regulations, legal obligations, resolve disputes, enforce agreements, or protect our legal rights.
- 8.2. In some circumstances, we may store your Personal Data for longer periods of time, for instance where we are required to do so in accordance with legal, regulatory, tax, audit, and accounting requirements and so that we have an accurate record of your dealings with us in the event of any complaints or challenges, or if we reasonably believe there is a prospect of litigation relating to your Personal Data or dealings. To determine the appropriate retention period, we consider the amount, nature, and sensitivity of the Personal Data, the potential risk of harm from unauthorized use or disclosure of your Personal Data, the purposes for which we process your Personal Data, and whether those purposes can be achieved through other means, as well as applicable legal requirements.
- 8.3. Please contact us at [support@dataplus.ai](mailto:support@dataplus.ai) if you would like details regarding the retention periods for different types of your Personal Data.
